SKILL

Languages: Python (Pandas, NumPy), SQL, Java
Frameworks: VS Code, Jupiter Notebook, Git, GitHub, Power BI, Tableau
Cloud & Infrastructure: AWS (EC2, S3), Jenkins, Docker, Git, Terraform
Data Science : Data Cleaning, Data Visualization
Soft Skill: Leadership, Teamwork, Effective Communication, Keen Learner

INTERNSHIP

Prodigy Info-tech | Data Science Intern July'2024-Aug 2024

- Analyzed and presented data by working on real-time datasets as a Data Analyst.
- Created Tableau-based dashboards such as Netflix Analysis providing actionable insights.
- Developed Python workflows using Pandas and NumPy for data cleaning and preprocessing.

Cod-soft | Data Science Intern Aug' 2024 -Sep 2024

- Utilize emerging technologies such as Power BI and R programming as a Data Science Intern.
- Developed a Power BI Superstore dashboard to analyze sales performance and trends.
- Automated data cleaning workflows in Python using Pandas and NumPy.
- Analyse business sales and performance trends through interactive dashboards to generate valuable insights.

PROJECT

Cassino Website (Frontend) Feb' 2025 .
https://ephemeral-malasada-a335f3.netlify.app/)

- Developed a **Casino-themed web application** using **HTML, CSS, and JavaScript**, featuring multiple interactive games.
- Designed an **engaging and responsive UI** to simulate a real casino environment.
- Applied **CSS styling and transitions** to enhance the user experience with attractive visuals.

Website CI/CD Automation

- Built a Casino Website using HTML, CSS, and JavaScript with multiple interactive games.
- Implemented GitHub version control and Jenkins CI/CD pipeline for automated build & deployment.
- Containerized the app using Docker, pushing images to Docker Hub on each update.
- Deployed application via Jenkins, showcasing end-to-end DevOps automation.

Full deployment with Monitoring Aug' 2024

- Developed and deployed a **static HTML/CSS website** using DevOps best practices.
- Automated CI/CD pipeline with Jenkins for build and deployment**.**
- Containerized website using **Docker & Nginx.**
- Deployed application to **Kubernetes cluster** with high availability.
- Implemented **Nagios monitoring** for uptime and service health.

Automation On AWS Using Terraform, Kubernetes May' 2024

- Containerized the website using **Docker** for consistent deployment.
- Deployed the application on **AWS using Terraform** manage by **Kubernetes** for scalability and reliability.
- Automated build and deployment process using **Jenkins CI/CD pipeline**.
- Implemented end-to-end deployment automation, reducing manual effort and improving deployment speed.

SUMMER TRAINING

Cipher Schools | Data Science and Machine Learning Summer Training Jun' 2024 – Jul' 2024

- Learned Python, Pandas, NumPy, Matplotlib, and visualization with Tableau.
- Represent data visually using Tableau.
- Developed a Netflix Analysis Dashboard project to derive meaningful insights.
- Strengthen understanding of data prepossessing, visualization techniques, and dashboard storytelling.

MedTourEasy | Data Science Aug' 2024 – Sep' 2024

- Data Analyst Summer Industrial Training
- Worked on Coffee Chain Analysis Dashboard using Tableau.
- Data cleaning using **Pandas, NumPy, matplotlib** and represent data using **Tableau**.
- Enhance data visualization and storytelling skills by creating interactive and insightful dashboards.

CERTIFICATES

- Security and Privacy| NPTEL — Oct' 2024
- Training Completion in CompTIA Linux | Secuneus Tech Pvt. Ltd — Nov' 2023
- Data Structures and Algorithms | Udemy — Apr' 2024
- R Programming | Coursera — Sep'2024

ACHIVEMENT

- 36-hour GNA Hackathon 1.0 | (Dec, 2022) — TOP 5 Position
- TATA Imagination Challenge | (2022-2024) — Participation
- College Cultural Event (One India) | 2024,2025. — 2nd Position

EDUCATION

Lovely Professional University Phagwara, Punjab
Bachelor of Technology in Computer Science and Engineering Aug' 2022 – Present
Computer Science and Engineering; CGPA: 7.7

KV No. 1 AFS Pathankot Pathankot, Punjab
Intermediate PCM : 77% Mar' 2020 – May' 21
Matriculation 70.% Mar' 2018 – May' 2019
